SITUATION SUMMARY

Northern California Weather of Concern

- A Pacific storm will move over Northern California today linger through the weekend. This will bring cooler temperatures, widespread precipitation, and a chance of thunderstorms. Precipitation over the Coastal Range and western Shasta mountains will spread east today. The system remains over the area through the weekend and will continue to produce lingering showers before exiting the region. Light snow is possible over the highest peaks of the Sierra south of highway 50 on Saturday.
- The slow progression eastward of the low pressure system will result in a slow onset of rainfall for interior Northern California. Current projected precipitable water values associated with the system are around 1.25 to 1.50 inches with the frontal band.
- There are burn scar areas receiving 1/3 of an inch of rain an hour for consecutive hours so there is concern about flash flooding and debris flows in those areas into this evening.
- The recent mudslide on Mt. Shasta near the town of McCloud could result in more mudslides as portions of Siskiyou County received in excess of 2" of rain last night. Medford Weather and Siskiyou County Sheriff's Office advised that as of 0700 hours on 09/25/14 there were no reported impacts.
- Showers are expected to spread east and south through today and reach the Sierras this morning. By Friday, showers will continue and instability from the storm will increase such that thunderstorms may also develop, especially over the mountains. Main rainfall should remain north of I-80. Winds will continue to be fairly strong over the Sierra ridges and higher terrain today, but will be accompanied by periods of rain showers and higher humidity values. Possibility of an inch or two of snow over the Sierra south of Tahoe at an elevation of 8000 feet and above.
- Best chance of thunderstorms is today with lingering showers possible through the weekend.
- Temperatures 5 - 10 degrees below normal.
- **Rain timing:**
 - Over the Coastal Range and western Shasta mountains late this afternoon spreading eastward through this morning. Showers lingering through the weekend.
- **Rain amounts:**
 - 1/3-2/3" in the Coastal Range, Shasta/Plumas Mountains, and 4000'+ Sierra Nevada. 1/4 - 1/2" in the foothills below 4000'. 01-.20" in the Valley. Substantially higher amounts between 2-3" for extreme northwestern California.
- **Snow timing:**
 - Saturday over the southern Sierra (south of Highway 50) above 8000 feet.
- **Snow amount:**
 - 1-3 inches above 8000 feet.

SITUATION SUMMARY

U.S. Embassy in Turkey Issues Security Warning

- The U.S. Embassy in Turkey has issued a security warning, urging U.S. citizens to be vigilant against possible terrorist attacks in retaliation for U.S. airstrikes against the Islamic State group. In a warning issued late Wednesday, the embassy said there was no information about any specific threats but the possibility of terrorist attacks in Turkey remains high. It asked that Americans be cautious in Turkey's eastern and southeastern provinces.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

A cold front will continue moving across northwest California tonight. The front will bring cooler temperatures and widespread rain to northwest California through tonight. Rains will become more showery and taper off on Thursday and Friday.

San Francisco Weather:

An early season Pacific weather system will spread rain across the Bay Area this morning reaching as far south as Monterey County. Rainfall will mostly end by late in the morning, but isolated showers are possible from midday today through at least Friday evening. There is also a slight chance of thunderstorms over the coastal waters and adjoining coastal land areas north of Point Reyes today. This weather system will also result in cooler than normal daytime temperatures through the weekend. Dry weather will return over the weekend, but temperatures will remain below normal into early next week.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Low pressure moving over Northern California will continue to bring cooler and wetter weather through Friday night. Lingering showers over the mountains are possible through Sunday then warmer and drier conditions are expected.

Hanford Weather:

Cooler temperatures will move into Central California today and will continue through the weekend as a low pressure system moves through. In addition, isolated light rain showers will be possible across the far northern portion of the San Joaquin Valley today. The Sierra Nevada could also see light showers Friday through Sunday with light snow possible down to 9000-9500 feet.

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A cooling trend will continue through this weekend as an area of low pressure approaches. Expect night through morning low clouds for coast and valleys with a chance of drizzle for portions of Los Angeles County late Friday night into Saturday morning. A modest warming trend will begin early next week with more significant warming expected by mid-week.

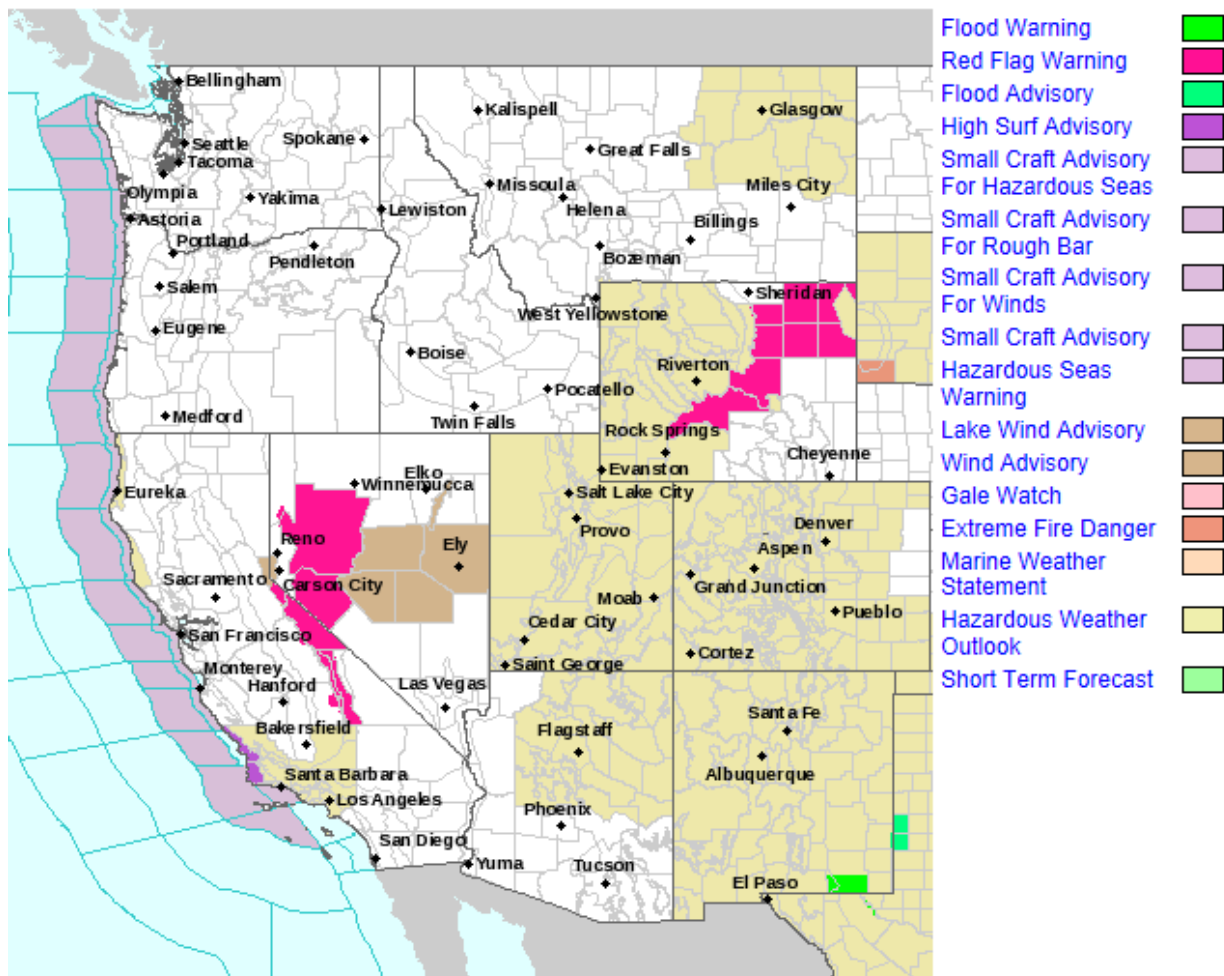

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

High pressure aloft will bring another warm day today. The weather will turn cooler Friday and Saturday as a trough deepens along the West Coast. Stronger onshore flow will drive the marine layer back up to the coastal slopes this weekend and result in gusty winds over the mountains and deserts. The deep marine layer may leak some patchy drizzle at times, but no rain is expected. The trough will lift early next week for slight warming and a shallower marine layer.

Southeast California Weather:

An approaching Pacific storm will produce increasing southerly winds this afternoon through Friday. This storm will bring showers and thunderstorms Friday afternoon into the weekend. Much cooler temperatures can be expected over the weekend into early next week.

RECOVERY ACTIVITIES

San Diego County Wildfires CDAA Event

Two (2) Recovery Public Assistance staff members deployed to prepare damage survey reports as a result of the San Diego Wildfires in May 2014.

Boles Incident, Vegetation Fire- City of Weed, Siskiyou County

Cal OES Deployments

- Two (2) Cal OES Assistant Fire Chiefs are assigned.
- Two (2) Cal OES Region staff are assigned.
- Six (6) Cal OES Recovery staff are assigned to conduct initial damage estimates and an assessment of potential next steps regarding IA and PA damage assessments; assisting locals with debris management plans; communicating with voluntary organizations and with the Region and local government.
- One (1) Cal OES Public Information Officer assigned.

Activations

- Co-Located Siskiyou County and City of Weed EOC activated at Level 2.

Shelter Operations

- American Red Cross Shelter - Mount Shasta Armory, 618 Everitt Memorial Hwy, Mount Shasta. Current population – 7.

Fire Suppression Water Issue

- The City of Weed lost one of its drinking water storage tanks and is drawing water from a second tank. Cal OES is working with the Drinking Water Program to assist with finding a solution to this issue. The State Water Quality Control Board, Drinking Water Program (DWP) has reached out to the city. Per DWP, the City of Weed water system has six reservoirs (storage tanks). The one that was damaged by the fire was one of their smallest reservoirs. There are no issues with the drinking water supply. The self-imposed boil water order in the downtown area is lifted. City is concerned with water supply to fight fires in the future. As an interim solution, water tenders are in place throughout the city to provide water for fire suppression.

Schools

- Weed High School and Weed Elementary School opened for normal operations on 09/23/14.
- The elementary school was partially damaged but staff will transfer classes to other parts of school.
- Students will be bussed through the fire zones.

RECOVERY ACTIVITIES

RECOVERY ACTIVITIES

Magnitude 6.0 Earthquake, American Canyon, Napa County

Situation

On Sunday, August 24, 2014, at 0320 Hours PST, a magnitude 6.0 earthquake struck five miles northwest of American Canyon, CA.

- The Governor declared a State of Emergency, 08/24/14.
- On September 11, 2014, the President declared a major disaster declaration in Napa and Solano Counties.

Recovery Activities

- Based on a request for additional IA information for the major disaster declaration request, IA teams conducted PDAs 09/8/14 through 09/12/14 in Napa County, the City of Vallejo, and Solano County. IA PDA teams conducted additional PDAs 9/17/14 through 9/19/14 finalizing PDAs in Napa County.
- The City of Napa website has information regarding earthquake recovery resources.
- Cal OES Recovery PA conducted the PA Applicants Briefing to advise state agencies, local governments, and private non-profit organizations impacted by the earthquake the types of assistance available and the programmatic guidelines 09/23/14.
- The deadline for potential applicants to submit the Request for Public Assistance to be considered for reimbursement for this event is 10/07/14. [\(21\) RPAs have been received to date.](#)
- The Napa Long Term Recovery Committee (LTRC) is in the process of forming its leadership, establishing policies and procedures, and identifying a Mission statement. A follow up meeting is pending.
- State Voluntary Agency Liaison (VAL) participated in a Long Term Recovery discussion meeting on Monday, 09/15/14. Participants included several voluntary organizations, state and federal VAL, and leadership from Northern CA and Solano VOAD. A presentation on long term recovery and update on current recovery efforts was provided. Due to the absence of local faith based and other organizations that may have resources, SVOAD will reach out to expand the engagement of additional nonprofit and faith based partners. Once the organizations are identified, a follow up meeting will be held in hopes of identifying key leaders interested in forming a LTR committee.
- American Red Cross Assistance Center: Napa Marriott Hotel opened on 09/01/14 from 1000 to 1900 hours for Napa and Solano County; center will be open for two weeks.
